

Pupil Premium Information Sum 15

Our pupil premium allocation for the current academic year

Details for our PPG (Pupil Premium Grant) allocation including the current academic year:

Bishops Nympton						
	2013-14			2014-15		
	Sep-Mar	Apr-Aug	Total	Sep-Mar	Apr-Aug	Total
No on roll	85	86	86	91	92	92
No funded for PPG	11	8	11	8	11	11
Amt of PPG	6116	4169	10285	5831	5792	11623

Details of how we intend to spend our allocation

Pupil Premium Allocations for this year will be targeted in the following ways:

1. Individual Learning Support Programmes (delivered through TA support and specific learning resources). This is a slightly different approach as this will be individually targeted this year.
2. Curriculum Access (50% trip funding)

Details of how we spent our previous academic year's allocation

Last academic year we spent our allocation in two main ways. We split the Pupil Premium Allocation between access for the disadvantaged and learning support. This took place in two main ways:

1. Intervention support (paying for teaching assistants to deliver support packages)
2. Trip support (typically 50% of all trips were funded for children in receipt of the pupil premium)

How has it made a difference to the attainment of disadvantaged pupils?

The use of pupil premium grant allocation through intervention was instrumental in providing disadvantaged pupils with access to trips (enhancing the learning experience) and helping to ensure that vulnerable groups had high level support to enable appropriate progress.

- Attainment raised in core subjects for vulnerable and disadvantaged groups (specific target groups through small group support)
- Attainment raised in core subjects for vulnerable and disadvantaged individuals (through 1-2-1 TA support)
- Attainment raised in foundation subjects for vulnerable and disadvantaged individuals through full access to school trips and extra-curricular enrichment.
